100 Greatest U.S. Coins 3rd Ed.

Jeff Garrett : 100 Greatest U.S. Coins 3rd Ed. before purchasing it in order to gage whether or not it would be worth my time, and all praised 100 Greatest U.S. Coins 3rd Ed.:

6 of 6 people found the following review helpful. Museum rarities in a bookBy Duke Fuller100 Greatest Comic Books100 Greatest American Currency Notes: The Stories Behind The Most Colonial, Confederate, Federal, Obsolete, and Private American NotesI found this book to be a very interesting read. This book should be in every numismatist book collection. The updated version is a plus, what with the constant fluctuation of prices and weekly auction sales. Even top coin conventions are referencing this book when rare coins are on display and showcased. It was neat to see the "number 52 listed coin" at the recent Long Beach Coin Show. It put things into more perspective for me.. just a little bit more tangible that these coins "really" exist and can be viewed from time to time. Whitman also has top 100 lists for comic books and paper money that are very informative and fun to read.It would have been nice to see the published coins in their encapsulated form (if slabbed)in my opinion. Overall an awesome coffee table book.0 of 0 people found the following review helpful. Four StarsBy iCyberhallNice collectible book. Great pictures and history.0 of 0 people found the following review helpful. CoinsBy J. RiceThe photography is great, as they give up close, and clear ideas of what even the details look like. In addition, there is information about the origins, and history of these coins. I'm a novice, but could still appreciate this book.

In the third edition of the best-selling and award-winning 100 Greatest U.S. Coins, numismatic author Jeff Garrett takes the reader on a personal guided tour of the nation's greatest coinage. "Each of the 100 Greatest was voted into place by leading coin dealers, researchers, and historians," says Whitman publisher Dennis Tucker. Inside the reader will find prized and seldom-seen rarities - the unique and high-valued pieces that collectors dream about, like the 1913 Liberty Head nickel and the 1804 dollar (the "King of American Coins"). The book also explores more readily available and widely popular coins: pieces so beautiful or with such strange and fascinating stories that everybody wants one. By Jeff Garrett. Hardcover, 144 Full Color Pages, Metallic-Foil Cover.
