2012 Collector Car Price Guide

Ron Kowalke : 2012 Collector Car Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised 2012 Collector Car Price Guide:

I just purchased the kindle version so I could view it on my iPhone/ipad for mobility. However you can not adjust the text size to see what is on a page unless you pinch and zoom which then makes you have to close that page to exit to the original page. It is very time consuming and even when zoomed in the text is blurred as if it was just a scanned picture. The text adjustment does nothing in the mac version for kindle or the iPhone/ipad version. My

advice if you don't have an actual kindle get the book...and I really don't even know if the kindle is any better for this book?0 of 0 people found the following review helpful. all goodBy Tall good0 of 0 people found the following review helpful. Doesn't completely satisfy my needs!By AliceI am interested in selling some of my antique car collection so I purchased the 2012 Collector Car Price Guide for help. Bad news! The Guide didn't list two of the car makes that I want to sell. However, the price estimates listed for those cars that I do have appear reasonable.
