before purchasing it in order to gage whether or not it would be worth my time, and all praised 2017 Collector Car
Price Guide: From the Editors of Old Cars Report Price Guide:

1 of 1 people found the following review helpful. buy an american car which are easy to get parts for and if you really want ...By C. A. heldtthe bible for classic car collectors and fansthis is just a guide, all cars stand on their ownplease

do what I did , buy an american car which are easy to get parts for and if you really want to splurge, buy an old caddy convertible ilke miy 1950 series 62 - see photopower windows, top and seat , but no power sterring which starts a few years later a big heavy car that easliy cruises on the freeway at 65-75 mph - just don't ask what gas mileage I get becasue I don't care they say , the man with with the most toys wins, so I'm getting close 0 of 0 people found the following review helpful. Highly recommend. Strong indicator of collector car market. By Customer I've bought and sold several classic cars over the years and I enjoy attending different collector car auctions. I have found this book to be a very accurate guide to the collector car market and the pricing is typically pretty accurate. Condition scale of 1-6 also helps narrow in a an accurate price. I usually buy the latest edition every year as the market tends to change. There is quite a lot of information in this book. I would recommend for any car enthusiast. 1 of 1 people found the following review helpful. Price was the same as in stores not not a good or bad deal price wise By Anonymous Buyer Purchased as a gift. Price was the same as in stores not not a good or bad deal price wise. Book was what I expected, no problems with shipping.

11 decades of pricing! The ONE-OF-A-KIND RESOURCE for antique and hobby vehicles is packed with pricing information not found anywhere else.
