33 Contemporary Swedish Weaving Patterns for Monk's Cloth

Jeanne Tams, Nan Duffin : 33 Contemporary Swedish Weaving Patterns for Monk's Cloth before purchasing it in order to gage whether or not it would be worth my time, and all praised 33 Contemporary Swedish Weaving Patterns for Monk's Cloth:

4 of 4 people found the following review helpful. Not The Best Book For Beginners!By WDAs other reviewers have stated, the patterns in this book are fairly easy to follow - particularly for those having counted cross-stitch experience. Unfortunately, the person providing the product picture chose to show only the cover pattern, rather than including those pictured on the back cover.My complaint about this book - and the reason for the 3-star rating - has to do with the fact that the majority of the patterns do NOT show a starting point - a MAJOR issue for someone who is 1) a beginner, and 2) not familiar with counted cross-stitch. In spite of the beautiful patterns, I will probably lean toward

other weaving books for the simple fact that I don't want to spend unnecessary time figuring out the starting point - something I feel the authors should have provided. Of note is the fact that another Avery Hill book ("The How to Book of Swedish Weaving and Huck Embroidery"), authored by Jeanne Tams, DOES provide the starting point. Quite honestly, I would recommend "The How to Book....." over the one being reviewed. It has a wider variety of patterns -

ALL with the starting point clearly marked. 1 of 1 people found the following review helpful. Not complete instructions for making a complete Swedish Weave project. By Lynn Schell-Milot The patterns were beautiful as well the information on how much fabric to purchase was good. On the other hand the instructions for making the blanket or other items left a lot to be desired. Most instructions tell you up 2 over 2 and on and on, where as there weren't complete instructions, for quite a lot there weren't any instructions at all. Still glad I purchased this book. It was in very good condition. 0 of 0 people found the following review helpful. Nice book to have By Born Free Wish there were more book on Swedish weaving. Dying art

Avery HILL-Swedish weaving patterns for monk's cloth. This book contains thirty-three contemporary patterns to weave specifically for weaving monk's cloth which is a light weight 7 count cloth of 100% cotton. Now you can learn to make beautiful throws baby blankets pillows wall hangings clothing and much more from this wonderful cloth.

Each pattern is accompanied by a full color photo and a full colored chart. Softcover: 64 pages. Made in USA.

About the Author Jeanne Tams is the married mother of 4. She grew up in the New Hampshire seacoast area. Jeanne is a stay-at-home mom and is very involved in Scouting. Her other interests include, reading, gardening, cooking, oil painting, computers, the outdoors and any and all crafts. Nan Duffin is the married mother of 2 children. She was born and raised in Cache Valley, Utah. Nan works as a marketing representative for a restaurant and in her spare time enjoys reading, spending time with her family and of course, Swedish Weaving.
