50 American Artists You Should Know

Debra Mancoff : 50 American Artists You Should Know before purchasing it in order to gauge whether or not it would be worth my time, and all praised 50 American Artists You Should Know:

0 of 0 people found the following review helpful. A Fine Art Library Addition By Cookie M. Joyce Outstanding book with fine reproductions of many artworks. The short biographies on each artist are quite informative and interesting. I enjoyed this book and learned from it. A great addition to your art library or start one with this book! I bought one for my brother for his birthday and he loves it, too! 0 of 0 people found the following review helpful. I love the high quality of the pages which make enjoying ... By Steven Brooks Though I wanted a hard-cover the soft cover does make this book lighter and more convenient to carry around. I love the high quality of the pages which make enjoying the pictures so easy. I like to study the paintings closely so the crispness of the pages is important to me. This book is a great way to extend your education about art and America. Thanks, Debra. 6 of 6 people found the following review helpful. great short blurbs By K. Eadington I'm an art teacher and I love this series of books for making warm ups for my art kids. It's generally a good short description of the artwork or artist with some interesting facts and good

pictures. This isn't the book for someone looking for something really in depth stuff but if you just want a brief refresher they are great.

Accessible and informative, this book is a gorgeous introduction to great American artists. While the history of American art is as varied as the fifty states the country is comprised of, it tells a story of a uniquely American aesthetic: bold, innovative, and uncompromising. Starting with the portraits of John Singleton Copley and the landscape masterpieces of Frederic Church, this exciting look at the most important American artists moves through the era of Cassatt, Whistler, and Sargent to the groundbreaking works of O Keeffe, Cornell, and Calder. This book also celebrates the artists who placed America at the forefront of modern art: Pollock, de Kooning, Rauschenberg, Warhol, Oldenburg, and Johns. The works of Sherman, Serra, and Close prove that America continues to produce challenging and influential artists. With its colorfully illustrated spreads and contextual approach, this is a superb guide for anyone interested in learning about American art.

"An informative book."Bristol Herald Courier"A terrific dip into American art."Bristol Herald CourierFrom the Inside FlapAccessible and informative, this book is a gorgeous introduction to great American artists. While the history of American art is as varied as the fifty states the country is comprised of, it tells a story of a uniquely American aesthetic: bold, innovative, and uncompromising.About the AuthorDebra N. Mancoff is a professor at the Art Institute of Chicago and a Scholar in Residence at the Newberry Library in Chicago.
