Absolutely Beautiful photos but...By A CustomerFor the collector who dreams of owning some of these exceptional pieces this book is one to dream with... if you're someone just looking for information and approximate prices on Grandma's old jewelry you'll be let down. This is a coffe table book... beautiful to look at but lacking in substance.

Both experienced collectors and beginners will find these guides useful in identifying antiques in many areas and

determining their styles and periods. A useful and informative volume on how to identify and evaluate antique jewellery, geared towards the needs of the novice collector. Filled with historical details and practical advice, this book belongs in the library of every antiques aficionado.
