A Guide and Checklist of World Norgeld 1914-1947By akbear54As a newcommer to collecting notgeld, I found this edition to be a "must have" if you are to understand what collecting notgeld is about. It contains an excellent introduction about the subject, and goes on to explain how to collect notgeld, and what different types of notgeld are available. The alphabetical listings of countries and towns are very helpful, as are the footnote explanations on each page. Highly recommended.0 of 1 people found the following review helpful. I required a book that would catalogue the various Notgelds, all this did was to list towns with no details. I returned the book waiting a refund.2 of 2 people found the following review helpful. Don't leave home without itBy Bernie (xyzy)An excellent reference to all kinds of Notgeld from many countries.Table of Contents* Introduction* Issuing Cities: Alphabetical by Countries* Periodical Abbreviations* Bibliography* Country Abbreviations* Issuing Cities AlphabeticalThe introduction gives a fairly thorough explanation of Notgeld in English and German. The book is designed as a checklist with a box to mark off as you find what you want. It makes no

pretence to pricing. The Bibliography is extensive enough to be worth the book alone.
