A Guide Book of Civil War Tokens, Second Edition

Q. David Bowers : A Guide Book of Civil War Tokens, Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of Civil War Tokens, Second Edition:

1 of 1 people found the following review helpful. And Now For Something Completely DifferentBy Mr. JagersNo difference that I can see from the first edition, other than that the author has added 32 pages on sutler tokens. There are a few errors here and there that have carried over from the first edition, precluding that fifth star. Q. David Bowers, known to the trade as QDB, is arguably America's Dean of Numismatics, with dozens of books in print. As a lifelong numismatist and relatively recent devotee of Civil War exonumia, I recommend this book for beginner and experienced collector alike.0 of 0 people found the following review helpful. Good resourceBy B. ValentineGood resource. wealth of information.0 of 0 people found the following review helpful. Four StarsBy alfred E. Crawforda nice timely update.

Q. David Bowers s best-selling and award-winning Guide Book of Civil War Tokens has been updated and expanded (32 additional pages) in a new second edition. It includes recent research findings, more illustrations, and updated pricing in multiple grades. Also new in the second edition: chapters on sutler tokens and encased postage stamps. Civil War tokens are tangible reminders of American history. These small, cent-sized tokens served as emergency money during the small-change shortage of 1862 to 1865. Today they are highly collectible, and A Guide Book of Civil War Tokens elevates the collecting and study of these once-shunned imitation cents to a new level of scholarship and accessibility. Novice and experienced collectors alike, as well as history buffs and everyone interested in the Civil

War, will find this volume a fascinating and indispensable reference. Inside, you'll find a wealth of information not in print in any other single source. Volume #16 in the Bowers Series. 480 pages, softcover, full color, 6 x 9 inches.

For aficionados of those collectibles. . . . this 400-plus-page paperback volume is a must-have for the Civil War token collector. --Coinage Yearbook, Winter 2016, by Mike Thorne
