A Guide Book of United States Coins 2006: The Official Red Book

R. S. Yeoman : A Guide Book of United States Coins 2006: The Official Red Book before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of United States Coins 2006: The Official Red Book:

0 of 0 people found the following review helpful. Beyond question the absolute best guide to pricing and grading for serious coin collectors. Highly Recommended.By Michael R.This is the 3rd edition of this greatly expanded version of the long-time favorite of coin collectors by Yeoman. It has very good illustrations and even more supporting content than the past two editions, if that's possible. If you are a serious collector, this is the reference book you need as your

guide to pricing for retail sales. The companion "Blue Book" guide is also the #1 guide for dealer prices. Highly Recommended! 46 of 46 people found the following review helpful. STARTERS GET THIS By SolarRaistlinZ This is what you want in a collector's guide. It's got the years and types and prices for each coin going back to the early 1700s.

The spiral binding is especially useful for table top use when looking through a pile of coins. Color pics and the description and detail is amazing. It even gives a description for the grade of individual coin styles!!!! what should a BU Washington quarter look like vs a Morgan dollar - its all here. If you are starting out, you'll want this one first. Blue is for pros and those who are getting more into the investment side. The red book gives just enough info to get you started and excited and feel a heck of a lot more knowledgeable with background and history, reference and premo statistics. 0 of 0 people found the following review helpful. A Guide Book of United States Coins 2015, The Official Spiral Red Book By TELL IT LIKE IT IS ! This is one of the more Accurate Coin Collection Books of Retail Prices for all U.S. Coins. It covers every U.S. coinage ever made including Gold Coin's, Commemorative's, Token's, Bullion Coins, Proof and Mint Set's. This is one of the better book's you'll need to put a Retail Value to your Collection. I have collected these Book's for year's they seem to get better every year.

Near Fine. Atlanta: Whitman Publishing, LLC, 2005. The 59th Edition, for 2006. Octavo, red leatherette boards with gilt imprinting on front cover and spine, 414 pp + 2. Near Fine - very near fine, with just one very small circular abrasion at rear cover. See scan. 130n
