A Guide Book of United States Coins Professional Edition, 5th Edition (Official Red Book: A Guide Book of United States Coins)

R.S. Yeoman : A Guide Book of United States Coins Professional Edition, 5th Edition (Official Red Book: A Guide Book of United States Coins) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of United States States Coins Professional Edition, 5th Edition (Official Red Book: A Guide Book of United States Coins):

1 of 1 people found the following review helpful. BIG and the BEST!By The PerfectionistThis is the best coin guide you can get for US coins. The spiral binding helps make it easy to flip through the pages and read. The print is big and easier to read when compared to the smaller versions of this book. The pro edition really is worth it. I think I paid less for this edition than I did the regular edition! Sometimes you can find good prices for this book on . If you collect coins you will love this book.2 of 2 people found the following review helpful. As a regular reader of Red Books, this is fantastic!By RyanThis is amazing - great information, tons of wonderful pictures and a little bit more detail. Doesn't cover Colonials and Modern Commems, but it's a great addition to my library.0 of 0 people found the following review helpful. ... TO ME NOT A MARK ON IT VERY HAPPY EXCELLENT PRICEBy timothy l waldenFAST ACCURATE SAYS USED LOOKS NEW TO ME NOT A MARK ON IT VERY HAPPY EXCELLENT PRICE

Whitman's expanded version of the best-selling Guide Book of United States Coins(known within the hobby as they "Red Book") is now available in a fully updated fifth edition. The 384-page volume, called the Professional Edition, is

intended for intermediate and advanced collectors, numismatic researchers, professional coin dealers, auctioneers, and investors. At 8.5 X 11 inches in size, the Professional Edition is 45% larger than the regular-edition Red Book. Its combination of more photographs, detailed higher-grade valuations, listing of additional varieties and rare early Proof coins, certified-coin population data, auction records, and other resources provides a wealth of information on every coin type ever made by the U.S. Mint.
