Allach Porcelain 1936-1945: Volume 1: Political Figures, Moriskens, Plaques, Presentation Plates, Candleholders, Specialty Pieces, Germanic Ceramics, Ceramics

Dennis R. Porell : Allach Porcelain 1936-1945: Volume 1: Political Figures, Moriskens, Plaques, Presentation Plates, Candleholders, Specialty Pieces, Germanic Ceramics, Ceramics before purchasing it in order to gage whether or not it would be worth my time, and all praised Allach Porcelain 1936-1945: Volume 1: Political Figures, Moriskens, Plaques, Presentation Plates, Candleholders, Specialty Pieces, Germanic Ceramics, Ceramics:

1 of 1 people found the following review helpful. **OUTSTANDING!**By San Berdoo This book is absolutely **OUTSTANDING** as far as content and information goes! Mr Porell has done an outstanding job with regard to

presentation and the color pictures are awesome. Great job and HIGHLY recommended to anyone having an interest in Allach! 3 of 3 people found the following review helpful. The absolute most complete work done to date By Mark A.

Paul I have been a collector of Allach porcelain after seeing some at a militaria show years back. There are only a couple of sources of information available prior to this very well done work, both in black in white and not all examples are shown. In fact, more are out there and the books prompted one collector to come forward and present a piece not seen or known before. There are two volumes and each one weighs 5 pounds. The photography is crisp and very well done. Methods and actual pictures of how it was produced are a great reference and learning source. Some of these Allach pieces have sold for over \$30,000 and those who know it exists and collect it can now compare the examples they have to actual correct examples. I highly recommend this two volume set. One mistake in this area of collecting can cost the uninformed thousands of dollars. There were several high priced "tuned up" examples at the biggest militaria show in Louisville Feb 24-27 this year. Painted wrong or otherwise enhanced or repaired. The most expensive one was price at near \$15,000.00. Buy the books and know what to look for, then start your search for this exquisite and very delicate, rare porcelain produced by the head of the German SS, Heinrich Himmler as an example of the pinnacle of the German culture.

For the first time, the brief nine year history of SS Allach Porcelain (1936-1945), the infamous nazi run porcelain factory, is presented in this new two volume reference. Explored in detail is the fascinating array of sculptures made by Allach, and also the historical significance as to why each category of porcelain was established. Close-up views of figures show the skilled artistry of some of Germany's greatest sculptors, potterers and painters including Theodor Karner, Ottmar Obermaier and Richard Forster. And why this little known porcelain factory named Allach may be considered the producer of some of the finest porcelain the world has seen to this day. This two volume reference is the result of many years of painstaking research and collecting. No expense was spared to bring the facts to all Allach Porcelain collectors and porcelain aficionado's alike. The books feature over 600 photographs, including many never before seen porcelain figures, and comprehensive text.
