[Free] American Sword, 1775 to 1945

## **American Sword, 1775 to 1945**

**Harold Leslie Peterson : American Sword, 1775 to 1945** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Sword, 1775 to 1945:

1 of 1 people found the following review helpful. AMERICAN SWORD BOOKBy Terence L. KellerGreat item as advertized and really is a much needed book for the serious sword collector.List all the regulation US swords and shows much more than that.0 of 0 people found the following review helpful. very informative and interesting.By SoldierInformative and interesting.0 of 0 people found the following review helpful. Great starting pointBy

CustomerDecent book, there are many more variations and much more info known on many of these patterns- but an ok place to start.

This is a 1977 reprint of a survey of swords worn by U.S. uniformed forces. plus the rare, 'American Silver Mounted Swords', (1700-1815). 286 pages, plus 60 pages of illustrations. It is still the best book ever written on this subject to date.
