Knowledge is power and after reading you will have the knowledge.By David C.Extremely informative book on ammo, current issues and beneficial to any shooter or reloader. Even though this book was published some years ago; still provides insight to ammo, hunting and numerous other shooting factors. Great addition to my gun library.0 of 0 people found the following review helpful. Great ammo bookBy Paul H. Gambill, IIII bought this book for my dad last week and he absolutely loves it. I had been trying to find this particular book for him for a price that he wanted but couldn't find it. So he waited a little while and really wanted but couldn't find it period. So I looked on and found a someone who was selling it. This book is rare and out of print. My dad says the book is a great resource for cartridge and gun ammo information. This is a must have for any gun or rifle enthusiast like my dad and it's definitely worth finding and purchasing.1 of 1 people found the following review helpful. ... expert on this subject but I'm finding it a great resource. ...By Robert I'm certainly no expert on this subject but I'm finding it a great resource. The cartridge display chart in the middle of the book was an unexpected added bonus for me.

The brand new 5th Edition Ammo Encyclopedia has 1008 pages divided into 105 chapters and contains thousands of listings for current and obsolete handgun, rifle, and shotgun cartridges since the mid-1800s including detailed information, specifications, and measurements on rimfire, centerfire, and shotshell cartridges. The most important feature of the 5th Edition Ammo Encyclopedia is the addition of a 12 page color section, along with the industry's hottest cartridges. Many sections have also been updated with additional information, charts and images too. Without question, this 5th Edition of the Ammo Encyclopedia is the most comprehensive book ever published on the wide variety of both current and older ammunition!

"What a great reference work you have outdone yourselves yet again!" -- J.B. Hodgdon "Chairman, Hodgdon-IMR Powder Co., Inc." From the Inside Flap If you are a shooter, hunter, or even an ammunition collector, the latest 5th edition Ammo Encyclopedia will provide you with the most up-to-date information, facts, and ballistics charts, ensuring that you make the right ammunition choices for your particular needs.
