# An Illustrated Dictionary of **Silverware**

Harold Newman

**Thames & Hudson**

[Mobile book] An Illustrated Dictionary of Silverware

## **An Illustrated Dictionary of Silverware**

**Harold Newman : An Illustrated Dictionary of Silverware** before purchasing it in order to gage whether or not it would be worth my time, and all praised An Illustrated Dictionary of Silverware:

3 of 3 people found the following review helpful. Dictionary of SilverwareBy Veronica KThis is an outstanding dictionary, from Thames Hudson that would increase the value to anyone's collection of reference books on silverware . The definitions are thorough, it has good images and great cross referencing. I would recommend this book to anyone who is serious about having a highly specialized dictionary in this field.0 of 0 people found the following review helpful. very kind and the best seller.By Bella Gibsontell a lot of the product . so fast, receive it next day , very good . Very nice product - sharp, good weight, looks great. my best friend need it ,

A reference containing 2373 entries relating to British and North American silverware (embracing Canada and Mexico), decorative techniques, styles, leading designers and firms of silversmiths. The period covered runs from c.1500 to the present day (including Ireland up to 1921).

From Library Journal Newman has provided a valuable addition to the literature on silver treasures and collectibles. Abundantly illustrated with fine examples relating to the detailed text, this dictionary combines historical information about various terms, techniques, and major designers/makers with descriptive entries of common and unique silver objects used for domestic, religious, and commemorative purposes. Citations cover British and North American objects from 1500 to the present and include bibliographic sources for selected entries when appropriate.

Recommended for most libraries, especially those emphasizing the decorative arts. Stephen Allan Patrick, East Tennessee State Univ. Lib., Johnson City Copyright 1988 Reed Business Information, Inc. About the Author Harold Newman wrote the companion volumes *An Illustrated Dictionary of Glass*, *An Illustrated Dictionary of Jewelry*, and *An Illustrated Dictionary of Silverware*.
