Antique and Collectible Marbles: Identification Values, 3rd Edition

Everett Grist : **Antique and Collectible Marbles: Identification Values, 3rd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Antique and Collectible Marbles: Identification Values, 3rd Edition:

0 of 0 people found the following review helpful. Four StarsBy CustomerThe book seems a little outdated from some of the other books I have purchased on marbles.0 of 0 people found the following review helpful. Five StarsBy Paula

BriscoeGreat book1 of 1 people found the following review helpful. Great ! Just right !By QMMMy 7 year old grandson has really taken an interest in marbles since he viewed my big jar of old marbles that belonged to my father. All of these marbles date back to the turn of the century to about 1920.He is so fascinated and loves them so much that I am giving him these marbles in the antique jar they have been in for the last 50 years.. and purchased this book for him as well for his 8th birthday coming up shortly. It is just the right size for him to get started on this new found adventure. Thank you for the quick shipping..I know that he will love this book to compare with some of the treasured marbles in that jar!

This is the most useful, colorful guide to antique marbles. Includes a collector's resource guide and directory as well as a value guide. This handy, pocket-sized edition is a must for the marble collecting enthusiast! 2004 values.

AUTHORBIO: Everett Grist is the author of several books on marbles: Big Book of Marbles, Machine-Made Contemporary Marbles, and Antique Collectible Marbles. He is also the author of Collectible Aluminum. **REVIEW:** This handy pocket guide is great for marble collectors. It begins with a general guide to the different classes of marbles, then follows with color photos of agate, comic, sulphides, and more. A handy value guide with current collector values rounds out the book.
