I only gave it 4 stars because I was hoping it was a true "originality guide" it comes close but it is missing some information. If you are looking to put your Porsche back to 100% stock, this book is a good guide, but does not have all the info I wanted, but it definitely helped.4 of 4 people found the following review helpful. 911 VirginBy David G. WilliamsonI was a first time 911 buyer when I bought this book.I read it with extreme interest and mounting excitement as I learned to decipher the myriad Porsche 911 modelsand the changes during each model run.I went on to purchase my first 911 with this book tucked under my arm.Highly recommended to anyone interested in 911's.0 of 0 people found the following review helpful. Informative presentation.By max joffeGood, informative and general coverage of the 911 marque.Great photographs and excellent graphics and layout. Text is clear and concise. Would like to see even more close-up and detailed photographs, especially if there is a follow-up to this edition.

The definitive guide to 100% original and correct Porsche 911 restoration, this book covers every inch of each 911 generation in precise detail. It includes mechanical details, bodywork, interiors, and more, all illustrated with exquisite color photographs and in-depth text. The last word on the Porsche 911, this book is the resource that no collector--whether a practical restorer or a die-hard enthusiast--can afford to be without.

From the Inside FlapThe Porsche 911, one of automotive history's greatest sports cars, has enjoyed an extraordinary career since its 1963 launch. It survives today, in much modernized form and now water-cooled, because Porsche's relentless development has prevented it from ever becoming obsolete and because passionate enthusiasts continue to embrace it. *Collectors Originality Guide: Porsche 911* explains in words, photos, and spec charts how the complex 911 has evolved from 1963 to today. Drawing from factory records and technical references, author Peter Morgan provides a wealth of information relevant to any collector, restorer, or avid enthusiast of the 911 and all its permutations.

Production changes, chassis and engine numbers, body colors, options lists, production numbers and more, all the minute details of the 911's evolution are covered. Over 275 color photos of some of the most pristine 911s, original and restored, provide a visual reference. *Collectors Originality Guide: Porsche 911* is an indispensable guide for all owners, buyers, restorers, and enthusiasts.
