Prewar Lionel Trains 1900-1942 David DoyleBy Bill DI bought a copy of Doyles Prewar Lionel Trains two years ago because I saw Prewar Lionel trains for sale but didn't know anything about them. The book

contains photos, prices and the rarity of prewar Lionel engines, cars, accessories (buildings, lamp posts etc.) and catalogs. I have not come across a prewar Lionel item that was not in the book. The color photos are sharp, clear and on glossy paper. The most useful information is the listing of the rarity of the item. Not every prewar Lionel is rare and expensive. This book is well organized and easy to reference. 0 of 0 people found the following review helpful. Color photos of trains too, RecommendedBy Big cVery well written book. Many facts inside I did not know. Highly recommended...this is my go to book to see not only value of Lionel trains but this book unlike other books has beautiful color photos of the trains

*Explores and identifies the trains drawing the greatest collector values in the hobby With a handy and compact format you can conveniently carry this go-to train guide in your car, or keep it in a desk drawer as a quick reference while surfing auctions on the Internet. Sporting an incredible collection of more than 900 color photos, Collector's Guide to Prewar Lionel Trains, 1900-1942 will enable you to take your Lionel train collecting to new dimensions. With trusted train expert David Doyle at the helm, this one-of-a-kind guide with its 2,000 listings - covering 2 7/8-inch Gauge, Standard Gauge, O Gauge, OO Gauge and accessories, plus secondary market prices, is sure to give you an edge over fellow Lionel conductors.
