## Collectors Guide to Wall Pockets: Affordable Other\$

**Marvin Gibson, Joy Gibson : Collectors Guide to Wall Pockets: Affordable Other\$** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collectors Guide to Wall Pockets: Affordable Other\$:

0 of 0 people found the following review helpful. Affordable to pricey.By Martha JonesThis book has photos on the right hand pages and descriptions on the left. A good third of the book is what the author described as affordable. This is primarily the Japanese wall pockets identified as Japanese miscellaneous. Japanese luster ware is included but briefly. American pockets are covered with a large section of unmarked manufacture. Known makers are alphabetical. German and royal Copley are also included and some glass.0 of 0 people found the following review helpful.

USEFULBy Nancy Gambella very useful book. Nice photos to compare Prices may be a little out of date but the general idea is there.0 of 0 people found the following review helpful. As advertisedBy naturessonGot just what I wanted.....arrived promptly, in good condition and had most of the info I wanted. Good photos and pricing info even if it was a bit dated.

Book by Marvin Gibson, Joy Gibson

Pottery enthusiasts and houseware collectors will be delighted with this tour of collectible wall pockets. Over 1,500 items have been selected and priced, with full color photographs depicting each piece. Hundreds of varieties of spartan and figural wall pockets are outlined according to manufacturer and country of origin, including a small section on those pieces which are constructed from alternate materials other than pottery. 1995 VALUES -- Book Description
