Combat Terrorism - Foreign and Domestic

Lenzy Kelley : Combat Terrorism - Foreign and Domestic before purchasing it in order to gage whether or not it would be worth my time, and all praised Combat Terrorism - Foreign and Domestic:

The intent of this book is not to scare anyone or to cause readers not to travel. The intent is to give the readers some

common sense ideas on how to survive if they should become a victim of a terrorist attack, and also to educate readers in conducting normal everyday activities in a manner that will prevent them from becoming a victim of a terrorist act.
