[Library ebook] Connoisseur's Guide to Antique Clocks and Watches (Connoisseur's Guides)

## Connoisseur's Guide to Antique Clocks and Watches (Connoisseur's Guides)

**Ronald Pearsall : Connoisseur's Guide to Antique Clocks and Watches (Connoisseur's Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Connoisseur's Guide to Antique Clocks and Watches (Connoisseur's Guides):

0 of 0 people found the following review helpful. Gift for hubby and he loves it!By dorothyMy husband has a fascination for clocks but he didn't have a good guide for what he has collected. He loves this book and has really enjoyed looking at it. He's found some of his clocks and now knows exactly what they are!0 of 0 people found the following review helpful. Beautiful throughoutBy Deb MBeautiful book full of color pictures of some of the world's loveliest timepieces0 of 0 people found the following review helpful. clock bookBy Dr. Kexcellent coffee table book

given as a gift to a clock collector who loved the pictures. could be more about clocks and less about watches. Hard to find just antique clock books, this is the best one so far.

Both experienced collectors and beginners will find these guides useful in identifying antiques in many areas and determining their styles and periods. Antique clocks and watches have never been more popular, and because millions have been produced, they are still available at modest prices. This magnificently illustrated guide introduces the potential collector to a truly fascinating field.
