Construction of American Furniture Treasures

Lester Margon : Construction of American Furniture Treasures before purchasing it in order to gage whether or not it would be worth my time, and all praised Construction of American Furniture Treasures:

1 of 1 people found the following review helpful. Five StarsBy Jim SnappOne of the finest books I have ever come across0 of 0 people found the following review helpful. Four StarsBy David S.Great book, condition could have been better.0 of 2 people found the following review helpful. Received in terrible conditionBy Glenn RobertsThis was advertised as having light wear. It was received with the pages completely detached from the binding. I would not consider this "light wear". It was a huge disappointment. My husband is going to have to place the pages in a binder so as not to lose any.

Over 340 detailed drawings, complete text on constructing exact reproductions of 38 early American masterpieces:

Hepplewhite sideboard, Duncan Phyfe drop-leaf table, mantel clock, gate-leg dining table, Pennsylvania Dutch cupboard, more. 38 plates, 54 photographs.
