Not Worth the MoneyBy L. IrwinBeautiful pictures in this miniature book. Descriptions and * value ratings are written on the side of each page, necessitating the constant inconvenience of turning the book sideways to read the information. Plus, there are a number of repeats from Miller's 2003 full size book. Buy that one instead. It's more comprehensive and better organized.

Covering all the major designers and styles from the 1920s through the present day, this elegant and stylish guide to costume jewelry features hot collecting trends, and spotlights major designers. AUTHOR BIO: Judith Miller began collecting antiques in the 1960s, and has since extended and reinforced her knowledge internationally. Judith has
