Creative Fabric Weaving

From Brand: House of White Birches : Creative Fabric Weaving before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Fabric Weaving:

1 of 1 people found the following review helpful. Another must have - for you sewing fanatics!By Sew It SeamsAwesome technique - so glad I learned about this book. I recently took a class on fabric weaving that was almost identical to this book's technique. But I am glad to have the book to reinforce what I learned and give me added inspiration.

An amazing new technique using a variety of different fabrics which finish the back of the project at the same time as the front.
