## **Crochet Guide for Dummies Learn How to Crochet Start Creating Amazing Things**

**Allison Keys : Crochet Guide for Dummies Learn How to Crochet Start Creating Amazing Things** before purchasing it in order to gage whether or not it would be worth my time, and all praised Crochet Guide for Dummies Learn How to Crochet Start Creating Amazing Things:

3 of 3 people found the following review helpful. Good level of detail and explanation. Also very good pattern making section.By J.EThis guide is very detailed. I'm currently spending some time looking for hobbies that I can recommend

to someone close to me and I need to find all the proper tools and guides to give them when i make my recommendation. I'm thinking that crochet is a good choice. There are two valuable things in this book: the level of detail and the patterns section. This book definitely over delivers on its level of detail in explaining exactly how to begin the crochet process. I typically only purchase books that are in the 40 to 50 page range because I find that this length is quickly digestible. But for certain topics a longer length and more details are needed. This is one of those topics. Also the pattern making section is very valuable and is good for inspiring creativity. I think by imitating the patters it will be easier to advance your skills. Overall I recommend the book and would like to see more works by the author. 3 of 3 people found the following review helpful. Addicting! By JBG Good book for beginners. I always wanted to try this hobby but there was no one to teach me. Good thing I came across this book because it explains what a beginner should know. The illustrations helped me a lot with the different knots and stitches. This hobby is very addicting! 1 of 1 people found the following review helpful. New techniques learned By Shelly Keen As a crochet fan i'm always looking for new creative ideas to make new patterns. This book is a very good introduction to new techniques that i've not seen so much before so i'm very happy i picked this up.

An Easy to Follow Guide for Creating Amazing Crochet Pieces! Havent you always wanted to Create intricate and beautiful crochet pieces? Learn a new hobby thats more than just a pastime?
