Decoys - North America's One Hundred Greatest

Loy S. Harrell Jr. : Decoys - North America's One Hundred Greatest before purchasing it in order to gauge whether or not it would be worth my time, and all praised Decoys - North America's One Hundred Greatest:

1 of 1 people found the following review helpful. NOVICE COLLECTOR By Michael Reed I purchased this book because I have an interest in Early made decoys. There were many to choose from and I decided on this one. Being a collector of many different areas of interest in Antiques, I have purchased a few Antique Decoys but knew little about their Origin or Rarity. The Book here was helpful with very large color pictures, good text and displayed 100 'Best' Decoys. While I will no doubt purchase other books on the subject, this one here will be often used while reviewing potential "Purchases" I would assume that any collector would find this book helpful with great untouched carved birds in their untouched state in fine fitting settings. 0 of 0 people found the following review helpful. Fantastic Choices and Great Photography. By Joel Jacobson Lucious, outstanding photos of these magnificent decoys. I'm a collector and a carver, and this book is a beautiful addition to my library. 3 of 3 people found the following review helpful. INFO By Billy D This book was done very well, I liked the information about the decoys and the carvers who did each decoy and the pictures were taken with a lot of different feeling towards each bird. Well done Loy

Antique decoys are among the hottest collectibles in the nation right now. With prime specimens commanding prices reaching well into the six-figure range, collectors see them as both an investment and a status symbol. Everybody wants them, but few can own the real thing. Loy Harrell, one of North America's pre-eminent decoy authorities, has crossed the country to gather photographs and information on the most valuable and sought-after decoys. This full-colour masterpiece displays the greatest decoys of a bygone era, tells about their history and in some cases discusses their value. One of the specimens went for more than 600,000 dollars at a Sotheby's auction. Hunting, antique and waterfowl enthusiasts will want this book not only as a display of great artwork, but also as a valuable reference tool

for these American treasures.
