## **Design Collection #20 (Handwoven Design Collection)**

**Handwoven Magazine : Design Collection #20 (Handwoven Design Collection)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Design Collection #20 (Handwoven Design Collection):

Was a bit disappointed in it. However, the seller is not at fault in that; they got it to me "right quick" so am happy about that.0 of 0 people found the following review helpful. handwoven20By chastineI love these little books, I buy thgem when I see them. Sometimes the patterns are out dated, but it's nothing a little creativity cant overcome1 of 1 people found the following review helpful. ContentsBy 2crazy4books2Handwoven Design Collection 20 - Weekend Weaving Projectsedited by Madelyn van der HoogtIf your busy life is leaving you too little time to weave, this Design Collection will help. The editors of Handwoven magazine have assembled some of their best designers to present a stunning collection of quick projects you can start and finish in a weekend. From totes to tablecloths, these 14 projects are guaranteed to excite weavers of all abilities.

You'll learn the tricks of designing simply and will discover a wealth of design ideas. Amaze a friend or family member with a handwoven gift or a wonderfully textured scarf that looks like it required weeks of work (when all it really took you was a weekend). Like the 19 other Design Collections from Handwoven magazine, this one has beautiful photography and complete easy-to-follow instructions. There are 16 projects complete pattern drafts and color photographs. The 15 quick projects in this stunning collection can be begun and completed in a weekend. Weavers will find a wealth of design ideas that can be fit into busy schedules and will learn the tricks of designing simply, from totes to tablecloths. Each project includes the weave structure featured, equipment needed, the amount and type of yarn or thread, notions, warp order and length, warp and weft spacing, and notes on take-up and shrinkage. Each project concludes with details about the best way to finish the project, including edges, and washing instructions.

About the Author Lorna Knight specialized in textiles at Queen Margaret University College in Edinburgh. After working as a designer's assistant, she spent ten years teaching Design and Technology in middle schools in the UK before setting up a business designing and making lingerie and running workshops teaching a wide range of sewing skills. She continues to run workshops which involve passing on hints and tips from both the couture and high street fashion worlds, enabling her students to create their own garments and projects. Lorna also writes regularly for Sewing World magazines and has contributed to many sewing books and other fashion sewing publications.
