(Free) Detailing Tips and Techniques (Model Railroad Handbook)

## **Detailing Tips and Techniques (Model Railroad Handbook)**

**From Brand: Kalmbach Pub Co : Detailing Tips and Techniques (Model Railroad Handbook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Detailing Tips and Techniques (Model Railroad Handbook):

2 of 2 people found the following review helpful. A really good overview of detailing ideas from Model RailroaderBy Dwayne the LudditeI bought this book after checking it out from the local library deciding it had enough neat ideas to warrant having at home. Several good 'how to' articles although you'll find that like everything else in life - practice makes perfect.3 of 3 people found the following review helpful. excellent referenceBy James WolfsonI have been designing and modeling layouts for many years. This publication has great tips on many areas. Excellent book for the beginner or intermediate modeler. Maybe some of us older modelers can use it as well.0 of 1 people found the following review helpful. Five StarsBy John Messleras expected
