Dollhouses: From the VA Museum of Childhood

Halina Pasierbska : Dollhouses: From the VA Museum of Childhood before purchasing it in order to gage whether or not it would be worth my time, and all praised Dollhouses: From the VA Museum of Childhood:

A room by room tour of the worlds most spectacular dollhouses. From early art cabinets and intricate baby houses to the highly-detailed dollhouses of today, this lavishly illustrated book examines the history of dollhouses and their shifting role in society. An unprecedented survey of the craft, Dollhouses showcases a wide range of designs, from the Tudor, Stuart, and Victorian periods to the modernist 1950s and contemporary designs. Featuring never-before-published dollhouses from the Victoria and Albert Museums world-class collection, the book takes readers on a visual tour of the interiors, with close-up details showing the masterful craftsmanship required to create these exquisite miniature works of art.
