Dry Ice Dreams (Bumper Sticker Shine No. 1)

A.P. Fuchs : Dry Ice Dreams (Bumper Sticker Shine No. 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dry Ice Dreams (Bumper Sticker Shine No. 1):

Mined from independent publisher and writer A.P. Fuchs's archives comes a collection of horror fiction, essays on

independent publishing, poetry, self-publishing questions, a new 21-page comic book written just for this book, and more. Not only will you be entertained, but if you've ever considered independent publishing but didn't know what to make of it or how to go about it, *Dry Ice Dreams* contains insights from the man who made a career out of it. A must-have book for anyone who wanted to get a glimpse into the world of a do-it-yourselfer but wasn't sure where to look.
