"A new set of 3 DVDs of Gene Shepherd's Dyeing with Gene Shepherd. This set includes Volume 1 on Your Dye Kitchen and Equipment and Dyeing Basics. Volume 2 is How to Dye with Acid Dyes; Spots and Textures, Pots and Casseroles. Volume 3 is Dyeing without Dye; Marrying and Marbleizing Colors. The DVDs do not follow exactly with Gene's book, Prepared to Dye, but they do offer demonstrations of many of the techniques in the books and are a nice companion to the book, especially for visual learners. By watching Gene demonstrate, you can learn the subtleties of his techniques that are hard to describe in words."
