More than mere playthings, Enchanted Dolls are elegantly sculpted and articulated works of art. Strikingly nude, engraved or adorned in opulent sculptural costumes of precious metals, gemstones, and rare found objects, each doll intricately conveys an aspect of our humanity. Unique and delicate, their forms evoke a strong emotional response, haunting us with their vulnerability. All at once innocent and sexual, Enchanted Dolls depict highly stylized images of femininity, while at the same time reflecting on life's playful naivet.

"... I love making dolls because it's a multidisciplinary art form. To create a doll I get to do it all: sculpture, industrial design, painting, engraving, mold-making, drawing, metalwork, fashion and jewelry design. I want it all, or nothing!" -
