English Earthenware Figures 1740-1840

Pat Halfpenny : English Earthenware Figures 1740-1840 before purchasing it in order to gage whether or not it would be worth my time, and all praised English Earthenware Figures 1740-1840:

0 of 0 people found the following review helpful. A necessary book for serious collectorsBy Bebe50PAt Halfpenny is a well known authority on early English ceramics. I have heard her speak a number of times but have failed to follow up with purchasing a book. There are many examples of early pieces pictured and a wealth of information. It is considered one of her best among circles of serious collectors.0 of 0 people found the following review helpful. The book is very good. Lots of photosBy ruby glickThe book is very good. Lots of photos, and clearly written by a person who really knows the subject inside out.

An eminently readable survey of the popular earthenware figures made in the 18th and early 19th century.
