At that price, it is definitely worth having, but if I had paid over \$100, I would be returning it for sure.Was any of the photography commissioned for this book?! As far as I can tell, there are mostly shots from advertisements and publicity releases.Buy this if you can find a deal on it, and want to have a quick reference to some of the amazing pieces that Graff has created; just don't expect it to be an exhaustive look at their work, or to provide more than superficial information about their operation.0 of 0 people found the following review helpful. Very familiar with this firm and it's products, having been in the high-end of the jewelry and diamond industries for 30 years!0 of 0 people found the following review helpful. Great valueBy JJFGreat value \$35 for a \$150 coffee table book in good used condition.

This privately commissioned book celebrates the life and achievements of Laurence Graff whose passion for diamonds has been inspiring him to create the most fabulous jewels in the world for 30 years.
