Awesome book... :)By CustomerI love all of Ann Benson's books. She is such a talented artist so I was thrilled to get a copy of this older book! It came quickly and had a number of great ideas. I learned a couple things I didn't know and was inspired by several of the projects and have already started making those designs my own with a few tweaks.1 of 1 people found the following review helpful. Master craftswoman Ann Benson turns beading into a beautiful art with these fresh and stylish woven designs for jewelry, clothing, and decorative items. The appealing techniques range from loom weaving to brickstitching, and a primer with all the basics covers each method so beaders can get going right away. An Irish Sunset brooch features

classic Celtic knotwork and exquisite stitchery; pearls and stones add extra dimension to the pin. A Heart Ornament, done with filet beading, makes a great gift for a loved one. Or stitch and bead a Kilim Rug, Kimono, Pretty Bridal Bag, Bargello Lamp, and Sunset Panel.
