[Free read ebook] The Official National Park Quarters Book

The Official National Park Quarters Book

David L. Ganz : The Official National Park Quarters Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Official National Park Quarters Book:

1 of 1 people found the following review helpful. National Park Quarters BookBy LisarThis was purchased as a gift. It was out of stock for sometime but worth the wait, the person whom I bought the gift for was quite happy with the book

Award-winning author David L. Ganz provides an insider's perspective of the widely popular "America the Beautiful" National Park Quarters Program, which includes its Congressional sponsorship, planchet design proposals, and

background on the National Park System. This is a book to help guide the reader through what can sometimes be confusing, but more important than that, convey a sense of this one small part of what many consider the world's greatest hobby. David Ganz, then President of the American Numismatic Association was a key player in convincing Congress that reforms were essential to winning back the confidence of the American coin collectors and to successfully advocate for enactment of the 50 State Quarter Program...the progenitor of the National Park Quarter Program.
