The Official Redbook of Morgan Silver DollarsBy Slick Vicgreat reference book. have used it for years. now I have one of my own. use it once a month. people are always asking questions about Morgans and now they come to me for the official word. It is a little out of date, but when I need the up to date word, I go see my coin trader anyway! Anyone with even a small reference library should include this baby!0 of 0 people found the following review helpful. Morgan'sBy SharpegunsWhat can I say, absolutely great

history with great pics of all the variations. A must book for Morgan Collector, I reread it at least 10 times. Prices are close also. Gives you a distinct value of the coins. 0 of 0 people found the following review helpful. Great book By T. Green This book is very good for learning about the value of coin collecting.
