[FREE] The Patti Playpal(tm) Family: A Guide to Companion Dolls of the 1960s (Schiffer Book for Collectors)

The Patti Playpal(tm) Family: A Guide to Companion Dolls of the 1960s (Schiffer Book for Collectors)

Carla Marie Cross : The Patti Playpal(tm) Family: A Guide to Companion Dolls of the 1960s (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Patti Playpal(tm) Family: A Guide to Companion Dolls of the 1960s (Schiffer Book for Collectors):

1 of 1 people found the following review helpful. OK, but you must also get the "Art of Patti Playpal"By JaponaliyaOK. but very dated. Nice section on non-Patti companion dolls but minimal info. Photos are rendered poorly for the most part. Does have some info that is missing from the "Art of Patti" book, but does not compare with that book.1 of 1 people found the following review helpful. GREATBy CAROLYN PARRISBetter than described. Like new with orig. prices still on. Quick ship. GREAT!1 of 1 people found the following review helpful. brought back memories of my favorite childhood dollBy Julia ZellnerVery informative, brought back memories of my favorite

childhood doll. When the book arrived, earlier than expected, I found the book to be in excellent condition. Love it!

Patti Playpal's life-sized companion dolls were an enormous hit in the 1960s. These gorgeous dolls could actually wear the clothing of the children they belonged to! Patti Playpal dolls are in demand on today's collectors' market, although surprisingly little information has been available about them. This wonderful reference not only chronicles the Playpal Family with their original outfits and play sets, but also all of the other life-sized dolls of the era that have been a source of confusion to collectors and dealers alike. Finer points like original hair colors, hairstyles, and outfit variations are finally documented. Over 250 color photos, original catalog and television advertisements, and valuable information about the dolls and the prices they command today make this long-awaited resource an excellent addition to the library of all doll or toy enthusiasts.

About the Author This is Carla Marie Cross's third book on modern collector dolls. A collector and researcher of dolls, she is especially fond of all dolls made from 1940 on.
