The Story of Lauhala

Edna Williamson Stall : The Story of Lauhala before purchasing it in order to gage whether or not it would be worth my time, and all praised The Story of Lauhala:

0 of 0 people found the following review helpful. Excellent info in this bookBy Listen ToOurMotherEarthThe book itself is a discarded library book and is not in wonderful condition, but the info inside is quite amazing!Old knowledge about Lauhala, speaking about how where I live now, Puna, Hawaii, had/has some of the best Hala!I am stoked to

have this book and I wish more people could read it.0 of 0 people found the following review helpful. Four StarsBy
ddanzahWell written and easily understood...good information surrounding Lauhala...good read and use for my
research

Starting with the legends and history of the pandanus tree, this valuable book covers a broad range of information from a description of the hala tree and its many uses to instructions for the weaving of lauhala products made from the leaf. The ancient Hawaiians made numerous items for daily use, from floor mats to sails, food baskets to beds. Directions for cleaning and preparing the leaves for weaving are included along with tips for the care and preservation of lauhala.
